April 2022 Toplines – Full Survey

The first of its kind survey of racially and ethnically diverse young adults

April 8 - April 22, 2022

N = 2,010

Age Range = 18-36

Contents

Party affect	4
Most important problem	5
Direction of the country	6
Nation's economy	6
Optimism about personal future	7
Worry about unexpected expense	7
Worry about ability to pay rent or mortgage	8
Worry about keeping or finding a good job	8
Impact of inflation on me/my family	9
Future of inflation	9
Responsible for inflation	10
Greatest issue facing one's community	11
Intention to vote in 2022 midterm elections	12
Party of political candidate in 2022 midterm elections	12
Party of political candidate in 2022 midterm elections (leaners)	13
Interest in midterm election news	13
Most important midterm election issue	14
Likelihood of voting for party that promises to address issues	15
Reported turnout in 2020 presidential election	16
Vote choice in 2020 presidential election	16
View of Critical Race Theory (CRT)	17
Critical Race Theory (CRT) as threat or benefit to young people	18
Worry about coronavirus spread	19
Covid vaccination status	19
Reason for non-vaccination	20
View on school/country shut downs during Covid pandemic	21
Student loan debt	22
Importance of police harrassment and brutality	23
Severity of the killing of Black people by the police	23
Approval of Biden's Ukraine response	24
Amount of aid to Ukraine	24
Support for economic sanctions on Russia	25
Support for U.S. military forces in NATO countries near Ukraine	25
Views on admitting Ukraining refugees into the U.S.	26
Media attention on the War in Ukraine	27
Support for Florida "Don't Say Gay" law	27
Support for Texas anti-trans law	28
Support for Iowa law prohibiting trans athletes from competing in female sports	28
Severity of the kiling of transwomen	29
Confirmation of Judge Ketanji Brown Jackson to SCOTUS	29

Qualifications of Judge Ketanji Brown Jackson compared to other justices	30
Importance of having a Black woman on SCOTUS	30
Whites are economically losing ground	31
Discrimination against whites	31
Costs of racial equality to white Americans	32
Feel like a full and equal citizen	32
Treatment of respondent's racial group as full and equal citizens	33
Racism and the political power of people of color	34
What happens to my racial group will have something to do with happens in my life	35
Minorities overcame prejudice and Blacks should to the same without special favors	35
Generations of slavery and discrimination have made it difficult for Black people	36
Black people have gotten less than they deserve	36
Black people are not trying hard enough	37
Support for creating a new agency of first responders specializing in the de-escalation of violence	37
View on policing	38
Views on police funding	39
Support for shifting funding from police to other areas	40
Support for abolishing/defunding the police	41
How well does democracy work	42
American democracy is in crisis	42
Biggest challenge to American democracy	43
Biden approval	43
Weighted Demographics	45
Unweighted Demographics	50
Methodology	55

INTERNAL USE ONLY

Party affect

For both parties, please select if you have a favorable or unfavorable impression of that party.

[The Republican Party]

Response	Overall	Race/Ethnicity				Gender			Party Identification		
		Black	Latinx	AAPI	White	Male	Female	NB/Trans/Other	Democrat	Independent	Republican
Very favorable	13	8	16	5	15	15	11	5	7	2	31

Methodology

The GenForward April 2022 survey is a project of Professor Cathy J. Cohen at the University of Chicago. Interviews were conducted with a representative sample from GenForwardSM, a nationally representative survey panel of adults recruited and administered by NORC at the University of Chicago. All data presented in this document is limited to respondents aged 18-36.

A total of 2,010 interviews were conducted between April 8 and April 22, 2022 with adults ages 18-36 representing the 50 states and the District of Columbia, including completed interviews with 521 African American young adults, 438 Asian American young adults, 537 Latinx young adults, 481 white young adults, and 33 young adults with other racial and ethnic backgrounds. The survey was offered in English and Spanish and via telephone and web modes.

The GenForward survey was built from two sample sources:

- Thirty-nine percent of the completed interviews are sourced from NORC's AmeriSpeak[®] Panel and from the Black Youth Project (BYP) panel of young adults recruited by NORC. Funded and operated by NORC at the University of Chicago, AmeriSpeak[®] is a probability-based panel designed to be representative of the US household population. Randomly selected US households are sampled with a known, non-zero probability of selection from the NORC National Frame and address-based sample, and then contacted by US mail, telephone interviewers, overnight express mailers, and field interviewers (face to face). The BYP sample is from a probability-based household panel that uses an address-based sample from a registered voter database of the entire US. Households were selected using stratified random sampling to support over-sampling of households with African Americans, Latinx Americans, and Asian Americans between the ages of 18 and 36. NORC contacted sampled households by U.S. mail and by telephone, inviting them to register and participate in public opinion surveys twice a month.
- The AmeriSpeak[®] panel sample was supplemented with respondents from the Dynata nonprobability online opt-in panel. Sixty percent of the completed interviews are sourced from the Dynata panel. To help to reduce potential bias in the nonprobability sample, Dynata attempted to balance the nonprobability respondent sample by age, race and ethnicity, gender, and partisanship. In order to incorporate the nonprobability sample, NORC used TrueNorth calibration services, an innovative hybrid calibration approach developed at NORC based on small area estimation methods in order to explicitly account for potential bias associated with the nonprobability sample. The purpose of TrueNorth calibration is to adjust the weights for the nonprobability sample so as to bring weighted distributions of the nonprobability sample in line with the population distribution for characteristics correlated with the survey variables. Such calibration adjustments help to reduce potential bias, yielding more accurate population estimates

Of the 4,143 total interviews in the GenForward April 2022 survey, 98 percent were completed by web and 2 percent by telephone. The survey completion rate is 19.6 percent. The weighted AAPOR RR3 panel recruitment rate is 19.0 percent and the weighted household panel retention rate is 77.4 percent, for a weighted AAPOR RR3 cumulative response rate of 2.9 percent. The overall margin of error is ± 2.76 percentage points at the 95 percent confidence level, including the design effect. Among subgroups, the margin of error at the 95 percent confidence level is ± 4.01 percentage points for African Americans, ± 4.21 percentage points for Asian Americans, ± 4.42 percentage points for Latinx Americans, and ± 4.15 percentage points for white Americans.

To encourage cooperation, respondents were offered incentives for completing the survey that ranged from the cash-equivalent of \$3 to the cash-equivalent of \$10.

The interviews from the two probability-based sample sources were combined for statistical weighting and analysis. The combined panel samples provide sample coverage of approximately 97 percent of the U.S. household population. The statistical weights incorporate the appropriate probability of selection for the BYP and AmeriSpeak samples, nonresponse adjustments, and also, raking ratio adjustments to population benchmarks. A poststratification process is used to adjust for any survey nonresponse as well as any non-coverage or under- and over-sampling resulting from the study-specific sample design. The poststratification process was done separately for each racial/ethnic group and involved the following variables: age, gender, education, Census Region, and partisanship. The weighted data were used for all analyses unless otherwise noted.
